Annotation: This in the article in Uzbekistan today's in the day to young people being directed attention briefly analysis by doing passed. Because of our planet tomorrow day, well-being our children how a person being to maturity reach with depend _ Any _ of the state historical development from the way as it is known, of the country fast development, certain to achievements the achievement of the people prosperous to be that's it in the state young people education and to the future to be given attention level depend, in this sense, in Uzbekistan young people issue state of politics the most priority from directions one is considered this is why small voluminous research in our work in Uzbekistan young people policy in particular thought to keep to the goal we found it suitable.

Key words: Adult those who are not enough. Young people policy. new Uzbekistan, Parliament, Youth rights, UN Convention.

Introduction: In the country of young people right and interests protection do to them necessary conditions and opportunities by creating to give about strong legal base created and this system time requirements in sync respectively by improving is going Ours main our task is the youth own potential manifestation to do for necessary conditions from creating consists of. Any of the state historical development from the road as it is known, of the country fast development, certain to achievements the achievement of the people prosperous to be that's it in the state young people education and to the future to be given attention level depend, In this sense, in Uzbekistan young people issue state of politics the most priority from directions one is considered In the country of young people right and interests protection do to them necessary conditions and opportunities by creating to give about strong legal base created and this system time requirements in sync respectively by improving is going Especially until today parliament by to young people More than 40 the law documents acceptance done more than 30 rights legal documents ratification done. President Shavkat Mirziyoyev by the same period humanity in history the most many p young people layer with that we live in consideration received on the podium of the UN Young people rights UN Convention on acceptance to do offer before the push is also international community by warm opposed. Uzbekistan leader to this basis today the world scale of young people the number two from a billion increased He 's gone terrorism and extremism intensity with grow up going one at the time to young people protection necessity important factors as based on gave.

Main part: By Shavkat Mirziyoyev Uzbekistan Republic President as the first signed the law document - dated September 14, 2016 " To the youth about state policy "about". Law is also symbolic essence incarnate _ Therefore, the population from half the more from the youth consists of has been in the country to young people about state policy consistent done increase, age

generation each bilaterally mature and competent, intellectual potential, own strictly position own, in the country done being increased to reforms indifferent not, of the country tomorrow worthy the future for to relevance ready for the goal ambitious, active, patriotic, loyal, perfect persons as bring up Uzbekistan of the world the most developed countries from the ranks place of getting important factor that it is country leader and the government good realizes. Separately to emphasize allowed, " Uzbekistan in 2017-2021 Republic development five priority direction according to Actions this issue is separate in "strategy". own on the contrary found. Uzbekistan President On June 27, 2018, on the State program " Youth - our future " Decree this about affairs efficiency to increase directed important document It happened. Our country of the leader to the parliament this trip the appeal is also wide public by hot waiting received _ Especially of young people joys infinite. The reason President by young people support support their work more improvement and new to stage raise also population health strengthening in order to come in coming new 2021 " Youth support and population health to name the year of "strengthening ". offer done yet Uzbekistan young people in the forum impressions with walked of young people to his zeal enthusiasm, enthusiasm passion added. In the petition participation doing whole public representatives as well as me offer deep excitement and exuberance standing with applauded. Of course of young people lift it up spirit to everyone the same influence reached clearly. Because of those gathered in his eyes of joy understanding maybe they are young people support to them road guide show own parentage, brotherhood duties as acceptance they did

Our country youth leader in 2022 social apply their work efficient done increase according to own suggestions said passed. Including next from High education for separable grants the number increase by at least 25%, education quality increase according to systematic of work to the road put necessity telling passed. Also to universities access for needy families daughters for grants for 2 thousand to be delivered and excellent to grades studied social to the defense needs girls for special of degrees current to be done separately it was emphasized. This is them State and society to his life more more attraction reach enable gives from this except chose to the university enter but did n't get it scored high to applicants another desired higher education to the gallows to study access opportunity to be given knowledgeable our youth support such as good to the goal service does.

Young people the work with in providing their economic to independence achieve and in life own places found when they leave small business and entrepreneurship of the field development the most main factor and source being service Uzbekistan President Shavkat Mirziyoyev on December 29 to the parliament appeal with exit so, own in his speech young people support current the fact that about separately stopping passed and 2021 " Youth support and of the population health strengthening year " announcement to do offer did this offer public by supported. Same as well as President Shavkat Mirziyoyev Uzbekistan young people in the forum spoke In his speech, he called our youth " Uzbekistan the most big wealth, priceless treasure " he described.

Young people the work with in providing their economic to independence achieve and in life own places found when they leave small business and entrepreneurship of the field development the most main factor and source being service does with that together, the economy liberation conditions entrepreneurship develop, his legal-normative the basics to strengthen directed economic reforms current from issues one is considered low investment, fast modernization to be done and market of the conjuncture variable requirements good adapt will receive business conduct time on demand turned let's say an exaggeration it won't be. Small business the market necessary commodity and services with filling the economy structural basically set giving the most important sector in our country entrepreneurship from time immemorial our people for special has been and in society high appreciated. In particular, Amir Temur himself in his reign Entrepreneurs are

ambitious people great appreciated : " In my experience It is seen that determination determined, enterprising, alert, fighting seen, brave, ambitious one person a thousand careless, apathetic from a person is better. Because experienced one person thousands to the person the work orders. " This point of view meaning, today in the day population to entrepreneurship wide attraction to do, in particular, of young people business ideas done to increase each bilaterally help about wide scope affairs done is increasing.

Young people support system more improvement, their employment assistance, entrepreneurship the idea and initiatives encourage, they worthy income take for addition conditions create, this about take going things new to stage take exit, as well as Uzbekistan in 2017-2021 Republic development five priority direction according to Actions the strategy of " Youth support and population health strengthening in the year done to increase about implementation of the state program provide in order to :

1. Young people to entrepreneurship attraction make them constant the work to occupy with, addition income take for comfortable conditions Create according to the following order current let it be done to him according to : from May 1, 2021 :

Until January 1, 2023 the work to providers (budget organizations, state enterprises, charter the state in the capital share is 50 percent and from him more than has been legal persons from this except) they from the age of 25 did not increase employees for paid social tax amount State from the budget complete back is given In this, social tax amount young employees for six months continuously work activities done to increase condition with seventh from the moon starting from will be returned ;“ Youth to the notebook included to young people entrepreneurship activities start and himself to busy himself necessary has been equipment and work weapons purchase to do for basic count 40 times the amount a lot didn't happen in the amount of " Youth notebook ” funds at the expense of subsidy separated ; " Young people to the notebook included unemployed young people to work acceptance did entrepreneurship to subjects property for rent in getting rent according to Appendix 1 of payments benefits present is done ;

from June 1, 2021: " Young people to the notebook included entrepreneurship activities start building for and constructions for rent received young to entrepreneurs one yearly rent 30 percent of the costs, however basic count up to 25 times the amount was amount " Youth notebook ” funds at the expense of compensation will be done. Professional education who are studying in the organizations " Yoshlar to the notebook included to young people they are production or service to show in enterprises practice passed in time, however six from the moon a lot didn't happen professional education in term organizations by State budget funds at the expense of basic count of the amount two bar in the amount each monthly subsidy is separated.

2. Finance Ministry (TA Ishmetov) two week in term himself, twenty six to age incomplete their children or husband (wife) professional education in institutions education take for directional tax of the payer the work right and another income amount physical from individuals removable income from tax free to do mean holder the law the project Ministers To the court let him enter

3. It should be noted that the youth empty sh times meaningful transfer for comfortable conditions Create and their social protection strengthen in order to :

from June 1, 2021: " National bank ", " Aloqa bank " and " Mikrokreditbank " project "One million developers " by ADB within study courses successful finished and certificate received to young people computer (this including Uzbekistan in the Republic work not issued) purchases for basic count from 25 times the amount a lot didn't happen amount consumption loans is separated. In this

case, consumption loans according to percentage payments State from the budget Young people works agency separated funds at the expense of compensation will be done ;

"Young people to the notebook included of young people foreign languages and general education sciences according to non-state education in organizations reading 50 percent of the costs, however common in the account basic count up to 5 times the amount has been quantity and they are according to national certificates get for held exams submit expenses Young people works agency State from the budget separated funds at the expense of compensation will be done ;

"Kindness " houses pupils and " Youth to the notebook included of young people driving in the courses reading expenses basic count 4 times the amount up to the amount and mobilization call reserve service paid State from the budget Young people works agency separated funds at the expense of covered. Private enterprise and to organizations to work acceptance done and activity to start six from the moon not exceeded " Youth to the notebook included young people again preparation in the courses teaching with depends has been of expenses basic count up to 4 times the amount has been part this private enterprise and to organizations State from the budget Young people works agency separated funds at the expense of compensation will be done ;

b) from May 1, 2021 bedroom with cover not received and to himself, that's it including parents (legal representatives) belong to didn't happen at home rent the right based on lives state higher education institutions to 60 percent of students they are by payable monthly rent 50 percent of the fee State budget at the expense of covered is given In this :

rent of payment covered to be given part in the city of Tashkent - basic count 1 times the amount, the rest in regions - basic count from 0.5 times the amount not to exceed necessary ;

rent of payment covered to be given part the first in line needy family to their children, for example showed and active students for covered given; higher education institutions by their from the budget except funds at the expense of rent the right based on lives another monthly to students as well rent of payment one part covered to be given can.

President passed on December 25 young people with at the meeting in our country how to reform hand do not hit, first of all, the young people, theirs to his energy and determination to lean on emphasizing : " I believe that our country of development new foundation in creating you guys like selfless and patriot our youth active participation reach, worthy contribution they will add, " he said It was our country leader current year from the beginning since young people issues 3rd meeting on spent in these meetings young people to his life circle problems immediately with solution make, their employment to provide, interests, aspirations support on the surface series assignments given was that 's it in meetings raised issues, obviously of duties legal basics President day yesterday signed two historical document - " Youth entrepreneurship activities support and employment help them social protection to do and empty the time meaningful organize to do about addition measures about". decree and " Youth industry and entrepreneurship zones activities organize reach and of young people to entrepreneurship about initiatives support measures about". in the decision own on the contrary found.

Ever since our country his own childhood, youth maturity all in periods priority being came with separate stands statistics to information according to today the world 16 percent of the population young people organize is doing in our country while this indicator confession if worth - from 60 percent of the population in love layer our future successors contribution right will come In this sense, Uzbekistan young people country, so to speak an exaggeration It won't happen. To young people this level attention and incentive, opportunity and privilege our country in history not observed an exaggeration not Well, today our country leader attention with of young people

<https://www.conferenceseries.info/index.php/ICMRITA>

knowledge, talent, potential, initiative and ideas is supported. Modern knowledge and to skills has, of the country worthy the future for responsibility own able to undertake perfect, to the goal aspirant and activity young people bring up the country stable and I'm going development the most important is a condition.

Last in years of young people intellectual and creative potential manifestation make, their citizenship responsibility and take going to reforms relevance increase about huge affairs done increased. With that together, in places of young people socio-economic activity to increase them entrepreneurship to the activity wide attraction to do, young of entrepreneurs promising ideas and projects come true to release, as well as this basically young people employment to provide hindrance doing systematic problems President initiatives with unit go away eliminate is being done. Our country so They said : " Us always thinking coming again one the important issue is this of our youth manners, behavior, one word with in other words, worldview with depend today time intensity with is changing. These changes who feels more than anyone else who are young people. Who we are, how we are of the nobles our generation invitation their in the heart always echo giving to himself loyal to stay therefore let it stand what's up with that ? at the expense of can we reach Education, upbringing and only education at the expense of ". In our country young generation to education separately attention is being directed. Boys and girls modern knowledge to get, high spiritual being growing up for necessary conditions Create regarding affairs consistent continue being carried out by our country leader by young people to politics being directed attention, in particular, " Youth is our future ", " Five initiative ". social development programs young people new thinking and to work mobile in reaching important role is playing. This is it in turn face thousands, millions our youth initiative is calling Don't forget, it's new Uzbekistan young people are our future and our perspective foundation.
